Holiday Gala to Raise Money for Mental Health

This year's Osceola Community Health Foundation Holiday Gala will again raise money for mental health programming. Coming off a record breaking year, the Gala committee hopes to best the \$83,000, one-night total raised a year ago.

Gala proceeds will help support mental health programs for local children and their families through a partnership among the Osceola School District, Family Preservation and Support Project, Mental Health Task Force of Polk County, and Osceola Medical Center. These services will help children and their families in the Osceola School District and throughout Polk County.

New this year, the 2013 Holiday Gala will be at Dancing Dragonfly Winery in St. Croix Falls on Thursday, December 5, starting at 5:30 pm. Order tickets at www.MyOCHF.org or by calling 715-294-5727.

The Holiday Gala is OCHF's biggest annual fund raising event, raising \$393,000 in 11 years. OCHF is a regional non-profit organization that has given more than \$11.9 million to Osceola Medical Center and other community non-profit organizations. The foundation's mission is building healthy communities by fostering charitable support for OMC and the health related needs of the people in the upper St. Croix Valley. For more information about OCHF, the Holiday Gala or other activities, go to MyOCHF.org.
