“Building healthy communities by fostering charitable support for the Osceola Medical Center and the health related needs of the people in the upper St. Croix Valley.”

Osceola Community Health Foundation received \$10,000 in matching funds for the Holiday Gala from Gottfried and Mieke Kellermann. The Kellermann's, owners of NeuroScience and Pharmasan Labs, donation helped raise more than \$77,000 for the Mental Health Task Force of Polk County. These funds were raised at OCHF's annual Holiday Gala to support mental health programs for local children and their families. Long time supporters of OCHF, Osceola Medical Center and Christian Community Home of Osceola the Kellermann's contribution to health in our community has ranged from financial contributions to volunteer membership on OMC's board of directors. Mieke & Gottfried Kelleman are pictured above, center, with Sue Gerlach, director of OCHF and Tom Geskermann, CEO of Osceola Medical Center.
